

OXBRIDGE & **IVY LEAGUES** ONLINE WORKSHOP

FOR PRE-UNIVERSITY STUDENTS

Oxbridge & Ivy Leagues Online Workshop

Description:

This 5-day workshop is a comprehensive workshop for all university candidates looking to boost their applications into competitive UK and US universities. It covers 5 main areas of a top-notch application namely admissions strategy, subject knowledge deepening, personal statement, entrance exam and interviews. The workshop is delivered by Oxbridge and Ivy Leagues tutors who have a couple of years of teaching experience and graduated from these universities themselves in the subject area they are teaching in.

Objective and outcomes:

- *Participants will gain knowledge and understanding of what makes a competitive application and how to go about closing their current gaps.*
- *Participants will have a deeper understanding of what their subject choice of study is about and best sources to look to for more information including a curated reading list.*

- *Participants will learn about the key features of an excellent UK Personal Statement and US Personal Essay, with guidance on how to structure and write of their best.*
- *Subject-Specific Sessions: Participants will have an overview on the entrance exams required in their chosen subject area, with insights into the sorts of questions asked, how to best answer these including tips on how to improve and practice questions.*
- *Subject-Specific Sessions: Participants will be exposed to real-life Oxbridge interview questions in their chosen subject area where they will learn how to go about replying with the best answer.*

- Worked with students in **various markets** including UK, Singapore and Hong Kong.

Workshop Leaders

TAMARA LIM, MATERIALS SCIENCE, OXFORD UNIVERSITY

DIRECTOR / OXBRIDGE TUTOR

Tamara obtained her MEng degree in Materials Science from Oxford University. She was awarded an academic scholarship and several college prizes throughout her time at Trinity College, Oxford. Tamara then spent her 4th year at Massachusetts Institute of Technology (MIT) in the US doing research on “Biodegradable Bone Screws”. Following this, she joined Shell and worked for 9 years in various roles starting out as a Materials Engineer in The Netherlands. After various commercial roles in Shell, she started PrepWorks in 2015. PrepWorks has gotten 80% of their boarding school candidates into their top choices (some on scholarship and unconditional offers) and 44% of their university candidates into Oxford or Cambridge University.

KYLIE FRANCIS, GOVERNMENT, HARVARD UNIVERSITY

IVY LEAGUES TUTOR

Kylie has a Bachelor’s degree in Government from Harvard University and a Master’s in Business Administration from The Wharton School, University of Pennsylvania. Coming from a family of journalists, Kylie has always been inquisitive about human nature and adept at writing. She is passionate about helping people to fulfil their unique potential in life. Since 2014, Kylie has been guiding prospective university students’ through the process of self-discovery and storytelling so that they can write effective admissions essays and maximize their chances of getting into their dream university. Kylie’s students have gone on to Ivy League colleges in the US, such as Harvard, Princeton, Columbia and University of Pennsylvania, as well as to top Russell Group universities in the UK.

Other Tutor Profiles

AIDAN, MATHEMATICS, CAMBRIDGE

Aidan graduated with a B.A. (Hons) in Mathematics from Cambridge University in June 2012. His areas of mathematical interest as an undergraduate included cosmology, options pricing, statistics, Markov chains, mathematical biology, variational principles, dynamics and complex methods. He has 6 years' experience tutoring in Economics and Mathematics in IGCSE, IB HL and A level, as well as preparation for Oxbridge entrance examinations in both subjects. His students have gained admissions to Oxbridge and top Russell Group universities in the UK.

CJ, AEROSPACE ENGINEERING, CAMBRIDGE

CJ has been tutoring with PrepWorks for 3 years. He graduated with First Class in Engineering from Cambridge University in 2017 where he was secretary of the Stephenson Society, played badminton for the university, and captained his college's badminton and basketball team. He was also awarded the Royal Aeronautical Society Prize, Moerien Morgan Prize and Jaguar Land Rover Prize for his academic achievements.

CHIA YI, MEDICINE, CAMBRIDGE UNIVERSITY

Chia Yi is currently in her 2nd year of Medicine at Trinity College, Cambridge. Last summer, she helped out with the Cambridge University Malaysia Society's Summer Outreach Programme by speaking to potential applicants about Oxbridge admissions. She remembers the anxiety she felt when applying to university and how grateful she was for any support, so she hopes to be able to reassure anyone feeling the same way.

CRYSTAL, ECONOMICS, PRINCETON

Crystal graduated from Princeton with a Bachelor's degree in Economics and a certificate in Global Health Policy. After graduating, she spent 2 years at University Malaya conducting population health research through the Fulbright Scholar Program. Crystal recently underwent the U.S. medical school admissions process and will matriculate to Cornell University's medical school in New York in August. She has been tutoring SAT since 2012 and has guided students through the US college admissions process since 2015. While at Princeton she served for 3 years as a Peer Academic Advisor and enjoys mentoring students of all academic interests.

PHENG CHEW, LAW, CAMBRIDGE

Pheng Chew graduated with a B.A. (Hons) in Law from Fitzwilliam, Cambridge in 2018 and passionately embarked on the journey of tutoring in 2019 as education is something close to his heart. Pheng Chew is currently an Associate Legal Counsel / Prosecuting Officer in Bank Negara Malaysia.

CELINE, NATURAL SCIENCES, CAMBRIDGE

Celine was awarded a full scholarship to read MEng and BA in Chemical Engineering (via Natural Sciences) at Cambridge, where she graduated with honours in 2017. Celine first found her passion in teaching and education when she started off as an A levels peer tutor at Taylor's College. With over 10 years of helping others to achieve their dream grades and university offers, Celine is currently a PrepWorks tutor specialising in subject tutoring, entrance test / essay competitions and university admissions counselling.

Testimonials

"PrepWorks has been with me for every step of my university application journey, from providing invaluable feedback for my personal statement, to connecting me with tutors like LK and CJ who guided me through the notorious Oxbridge interview process, to facilitating discussions with people who gave me insight into my chosen course. I am extremely thankful for the support I have received from Tamara and her team, which I believe greatly strengthened my Cambridge application and led to its success. My Oxbridge application experience with PrepWorks has left me with not only an offer, but with skills that will continue to help me in my further studies."

- Clarissa T. Cambridge Engineering Offer 2020

"Tamara and the tutors from PrepWorks have helped me tremendously in my university application. Not only did they help me decide if I should apply to the UK or US as well as which course I should take, they have also guided me through personal statement feedback and interview preparation. Throughout this, I have learned a lot of new skills and gained confidence which contributed to my successful Oxford application."

- Ashley C. Oxford Chemistry Offer 2020
